

**Hello,
My name is Maggie Carr and I am pleased to be the Infant II Lead Teacher. I'm a long time employee at St. Mary Child Development Center.**

Through my years at St. Mary CDC, I have experience working as an assistant in the Toddler and Infant I rooms. I have an excess of twenty years of experience in the Early Childhood Education field. During these years I worked as a preschool assistant and instructor at two Catholic schools. I have attended numerous childcare conferences and workshops along with coursework in Child Development. Currently, I am enrolled in an Infant and Toddler class to further my education and broaden my understanding in caring for our little ones.

I believe that children this young learn best when they are exploring their environment. Every day is a learning experience for them. They also need positive ongoing relationships that will help them grow and develop. Above all, children need quite simply, to be loved and nurtured.

In sharing about myself, I am married and have three wonderful grown children, Christopher, Kathleen and Emily. My extended family consists of two cats and a dog! In my spare time I love to relax with my family up north at our cottage. I also love to cook, read, and volunteer at my parish and frequent antique shops.

I am looking forward to this new adventure with the Infant II children!
