

ST. MARY CHILD DEVELOPMENT CENTER

3615 Livernois Road, Troy, Michigan 48063---248-619-0530

WE BELIEVE

*we believe that all students should attend a Christ centered school to receive the quality Christian education that each child deserves.

*we believe that children come first.

*we believe that when parents are involved in their children's education, students, teachers, and parents all benefit.

*we believe in fostering a nurturing environment in which each child feels special and grows in self-esteem.

*we believe that the love of learning is developed and nurtured as a life-long process.

*we believe that developing critical thinking skills should enable children to make decisions, identify challenges, and solve problems.

*we believe that students should develop technological competence that will become a life long skill.

*we believe that the door to a student's mind can be reached and unlocked by touching his/her heart.
