

Hello! My name is Laura Murphy and I am the Infant 1 lead teacher. I went to Schoolcraft College in Livonia to study Early Childhood education and graduated in May of 2010 with my associates. I have worked before in a young toddlers and older infant room before and was also a nanny for almost 2 years. My love for children is very deep especially for this age group. I believe that children are learning so much at this young age and that it is truly amazing to watch them grow and learn. I believe that children can teach us adults so much about loving and caring and I really enjoy watching that come out in the classroom. The small intimate environment St. Mary's provides makes the children feel so loved. I truly love all the children as if they are my own and want to provide your precious little ones with the best care I can.

A little bit about myself, I am a very fun loving person. I am married to a wonderful man Dan. We got married in May of 2012 and currently are living in Clawson. We love the Clawson area and our own little downtown area. We enjoy going out to eat on occasion and spending time with friends and family. We have a rescue dog named Finnegan. He is a small Maltese that was raised in a puppy mill before we rescued him and we couldn't love him more. We spend our summers at the ballpark cheering on the Tigers, It truly is our favorite past time. My husband coaches High School Football so a lot of the fall is spent at that football field for us since we don't have children of our own yet. As you can see I am a huge sports fan and love going to all sorts of sporting events. I also love music and going to see live music in concerts with my family. I am the oldest of three girls. My sisters are great and we love to spend time together! In my spare time I like to relax and catch up on my favorite TV shows. I also am really into going to the gym to work out.

Well that is a little bit about me and my background, I really love my job here at St. Mary's and look forward to teaching little ones for years to come.
